

2018 Tuesday Night Fishing Outings. We will be meeting every Tuesday of the month Meetings at 4:30 pm and start fishing at 5 pm to dark at the designated landing. For More Info contact Curt Ellestad at 218-390-8888 or Keith Okeson 218-273-6389

The Lake Superior Chapter of Muskies, Inc. will be continuing our Tuesday Night Fishing Outings this year. The purposes of the Outings are both educational and social. The Outings are designed to have some fun, to get newer members of the Chapter together with more experienced members, and also help the Chapter recruit new members. This is a chance to fish with more Chapter members and get better acquainted with the folks who share our passion for Muskie angling. We all bring different skills to Muskie fishing and to group operations. It will be wonderful if we can share these talents to improve our Chapter and our sport. The Tuesday Night Fishing Outings will encourage everyone who wishes to enjoy the good Muskie fishing in the Duluth area, members and non-members alike. Whoever shows up at the designated landing on the St. Louis River will be able to participate. Records will be kept for those who wish to do so by using the Muskies, Inc. scoring methods of counting 30-inch fish or longer. A thirty inch fish = 4 points and one additional point for every additional inch. Example: a 40" muskie = 14 pts. Muskies are counted to the nearest quarter inch. Points will be scored based off of the Muskies Inc. rules. Also for the purpose of recording successes, digital pictures would be appreciated, so we have a visual record of this Chapter activity. Recognition will be given the anglers who earn the most points for their five largest fish at the end the season in the Newsletter and/or at Chapter meetings. Each person will be fishing for his or her individual points. **Those who wish to enter their catches in the records may do so by calling Terry DeMenge at (218) 391-2699 or e-mailing muskie2031@mchsi.com within 24 hours of the Outing, no exceptions.** A major emphasis of the Tuesday Night Outings will be to encourage participants to fish with different anglers each week. This will allow anglers get to fish with and share knowledge with a variety of other people. A list of participants, their phone numbers and e-mail addresses will be available so that new boat partners can be arranged each week. If the parents of participants under the age of 18 agree, the young anglers may fish with other Tuesday Outing participants. They may also fish with their parents on every Tuesday Fishing Night if they wish. Parents with their youngsters in their own boats are encouraged to invite a different angler to fish with them each time they attend the Tuesday Outing.

New this year is a drawing for a \$100.00 gift card from Marine General. In order to enter into the drawing, you need to notify Terry DeMenge via email, within 24 hours of fishing during the Tuesday Night Outing, no exceptions. The more you fish, the more chances you get to win the card. You do not need to catch a fish to be entered into this. The drawing will occur at the first meeting off the water in October.
